JOHNNY'S STEAK

Johnny's Cafe proudly starts with the finest Midwest-raised, corn-fed beef. Insisting on USDA Prime or Choice grades of beef.

Each steak is individually selected, then slowly aged. This results in a naturally tender, flavorful steak. "JOHNNY'S STEAK" is then hand-cut, never frozen, in our own butcher shop.

Order your steak according to the "How do you like your Steak?" chart, and we'll prepare it hot and juicy served with our Special House Mushroom Wine Sauce.

Combining the great taste of USDA Midwest beef and the third generation of the Kawa family assures you the finest in midwest dining.
